This training is designed for parents  
and will overview parent’s rights  
under IDEA 2004. It is also a make-  
it-take-it workshop that will assist  
participants in organizing records  
that pertain to their child’s  
education and health needs.

Participants will gain a functional  
knowledge of parent’s rights under  
IDEA 2004. The six components of  
FAPE will be discussed and  
explained. Also, how documentation  
can be used to assist parents in  
developing an Individualized  
Education Program (IEP), and how to  
work with other agencies .
