

Families Needed for Research Study

- Does your child use a speech generating device? - a computer which speaks when your child uses it
- Has a speech generating device been recommended for your child?
- Is your child between 3-17 years?

If you answered "yes" to one of these questions and you are 21 years of age:

- You are invited to participate in a research study looking at the experiences of families seeking speech generating devices for their child

What you will do:

- Complete a 15-20 minute telephone interview

To participate, please contact:

- Denise Frankoff, doctoral student at Northeastern University - Boston, MA.
