Happy Hikers Club

We believe that ALL children & youth should have access to the outdoors in order to play and build lasting friendships, participate in positive physical activity, and experience the sensory wonders of nature. On the first Saturday of each month, Jen Rosa, Metro Parks Naturalist, will lead us on a short walk or roll to explore a new Metro Park trail. Families can build their circles of support and connect with one another through nature, in a friendly, safe, and welcoming environment.
